

SOLAR INVERTER KITS, CHARGE CONTROLLER KITS **AND SOLAR PCU KITS**

Inverter kits (Transformer based &6KHz pure sine wave)

	Capacity	
Pure sine wave	800va	12v
Digital charging	1400va	24v
H bridge	2000va	48v
Led display	3000va	48v

Transformer Based @6 KHz

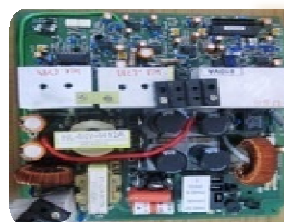

Inverter kits (With out transformer 18KhZ pure sine wave)

	Capacity	
Pure sine wave	800va	12v
Digital charging	1400va	24v
H bridge	1000va	48v

Led display

High Freq. 18 KHz Kilo Hz

Solar Pcu Kits

Micro controller controlled for intellegent system

Buck Topology wth p&o Method MPPT

LCD display with power from PV

Solar power control For inverters Built in

Temp Compensation and controll

Auto restart on errors

	Models				
12V	24V	48V	96V	180V	
20A	20A	20A	10A	10A	
30A	30A	30A	20A	20A	
40A	40A	40A	30A	30A	

Mppt Charge controllers

micro controller controlled for intellegent system

Buck Topology wth p&o Method MPPT

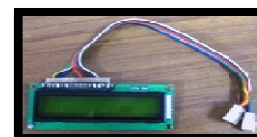

LCD display with power from PV

Temp Compensation and controll

Auto restart on errors

	Models				
12v	24V	48V	96V	180V	
20A	20A	20A	10A	10A	
30A	30A	30A	20A	20A	
40A	40A	40A	30A	30A
